

Western House

On top of the world!

What a wonderful time of the year!

The festive season has officially started, and what better way to enjoy your favourite drink than to have a top class glass to go with it!

All of these glorious glasses are produced from fine blown crystal glass and are featured throughout the Ella Sabatini range.

What's your tipple going to be this year? Will it be a perfectly sparkling prosecco or a classically cool whiskey on the rocks?
