

Anyone for Strawberries and Cream?

With summer in full swing and everyone making the most of dining alfresco, T&G are launching a summery strawberry design to their ever-popular bowls. Each bowl is made from bevéa with a hand carved and hand painted strawberry design. The strawberry bowls are available in large and small sizes and have salad servers to match. To complement the strawberry design T&G are also promoting their plain red and cream painted bowls with salad servers, an ideal addition to the strawberries design. These summery bowls will brighten up any kitchen or make a picnic table really special this summer! The range has an SRP from £3.99 to £16.95. T&G displayed the stunning collection at the Exclusively Housewares show.

LUIGI BORMIOLI's new collection

To complement the highly successful Luigi Bormioli Crystal Glass Collections a new and stunning range of Fine Cut 24% Lead Crystal has been added creating another dimension to the brand. An extensive range from traditional shapes with subtle sweeping cuts - Cross Swirl and Halo to contemporary shapes with striking modern cuts - Kriss Kross and Tornado. Each piece in the collection is packaged in a stylish high quality presentation box. Ranges consist of Wine, Goblet, Flute, Old Fashioned Tumbler and Hiball. Luigi Bormioli showcased the range at the Exclusively Housewares show in June,

where it was very well received by buyers. It is in stock available now from Western House. For more information call 01256 462341 or visit www.western-house.com

New Microstoven Cookware

Maxwell & Williams highlighted their new Microstoven Cookware collection at the Exclusively Housewares Show. Microstoven Cookware is a 19-piece non-stick cookware range including ramekins, casserole, pie, quiche and lasagne dishes made from high quality stoneware. The stoneware features Spodumene, which is a mineral that makes stoneware flameproof and enables multi-function use. The coating also features two layers of Xylan™ non-stick coating. Microstoven Cookware can be used on gas and electric stovetops (to medium heat), in the oven (to 200°C), in the microwave, dishwasher and freezer. Each item in the range is fully glazed, including the base to prevent scratching to tables and bench tops. Microstoven

Cookware is available in red and black and is priced from RRP £4.00 - £70.00. For more information call 020 8200 5100 or visit www.maxwellandwilliams.co.uk

Cosy and cuddly!

Keep your favourite teapot cosy! T&G are launching a fun and funky range of 4 colourful animal design tea cosies, you can choose from a Pig, Chicken, Sheep and Cow. They will add a touch of humour to that morning cup of tea! Each cosy is machine knitted and comes with holes for spout and handle for easy pouring, ideal for keeping your tea piping hot! The collection has an SRP from £9.99. To keep your teacosy company, T&G have also introduced a teapot, handcarved wood bowls and shaped chopping boards all to match! T&G displayed these whimsical and cute creations at the Exclusively Housewares show. For more information call 01275 841 841, fax 01275 841800 or visit www.tg-woodware.com

Shrink it with Scott Brothers!

Scott Brothers Ltd, specialist in storage products for the home, showcased selected ranges of vacuum storage bags at Exclusively Housewares 2009. Highlighted at the show was the innovative Pack-Mate range, the leading Space Bag range and the cost effective Superpack brand. The show marked the first time that the latest developments in both Pack-Mate and Space Bag have been shown in the UK. With vacuum storage steadily growing as a product segment

in the UK, retailers are realizing the benefits of stocking space saving solutions. In the current economic climate, where householders are seeking new ways to improve their home rather than move to a bigger house, it is even more attractive to consumers to buy practical and user-friendly storage solutions. Scott claims a unique position as the distributor of the two leading brands in this segment, plus OEM options. Scott Brothers are introducing a selection of products from the new and improved Pack-Mate vacuum storage bag range, which now feature colourful new de-

signs, re-designed cap-less valves for ease and speed of use, and improved user instructions. For more information call 01477 539 500, e-mail sales@scottmail.co.uk or visit www.scottmail.co.uk
